STYLE REQUEST

Mat Removal Policy: While we are extremely careful when clipping off excessively matted coats there is a risk of nicks, cuts, or abrasions due to: warts, moles, or skin folds trapped in the mats. Removal of the matting may also reveal skin irritations caused by moisture trapped near the pet's skin allowing mold, fungus or bacteria to grow. Clipping may reveal embedded grass seeds, which may leave pus-filled holes in your pet's skin. It is also possible that we may also find V-shaped cuts, where good intended owners have tied to remove the coat with scissors.

The after-effects of mat removal procedures can include itchiness, skin redness, self-inflicted irritations or abrasions and failure of the hair to regrow. Shaved pets are also prone to sunburn and should either have sunscreen applied daily or should be kept out of the sun until the hair grows sufficiently to protect the skin. In some cases, pets may also exhibit brief behavior changes. Owner agrees not to hold Pet Hotel Hadley liable in the even their pet becomes ill during or after their pet's appointment. Pet Hotel Hadley is not responsible for any pre-existing medical conditions or the aggravation of those conditions. Owner should consult with their veterinarian prior to having their pet treated if there is any question concerning their pet sensitivity to any grooming products.

As the Owner, you are responsible for the condition of your pet's coat and may not hold Pet Hotel Hadley or the groomers responsible in the even of adverse effects of mat removal.

I agree to all the above terms and conditions of this document.
